## GO BESPOKE

**Need to stand out from  
the ever – expanding  
crowd?**

### **Fully decorated and packaged**

Our precision equipment & expertise delivers all standard techniques whether it's 500 or 100,000 pieces – to your door.

### **GO BEYOND**

Perfect your outfit with novel items not available in standard catalogues.  
Found a niche for the latest concept in workwear?  
Or need an accessory like our foldable Active Jacket's stow-able bag?  
Our factory has created markets, not just cornered them, for decades.

8

### **Customise features**

According to your needs. From the perfect Pantone® matched fabric that compliments the logo you've worked hard to create, to custom-made fasteners, trimmings & components to really distinguish your look.

### **Be. Uneek.**

From accentuating piping, branded zip-pullers, attention grabbing panelling – right down to fundamental changes to fabric composition; just to name a few details our factory technicians can source & manufacture at minimum quantities as low as 500 pieces. Our fast turn-around, hi-tech & ethical factories is at your service.

Own it, Put Your Label On It.

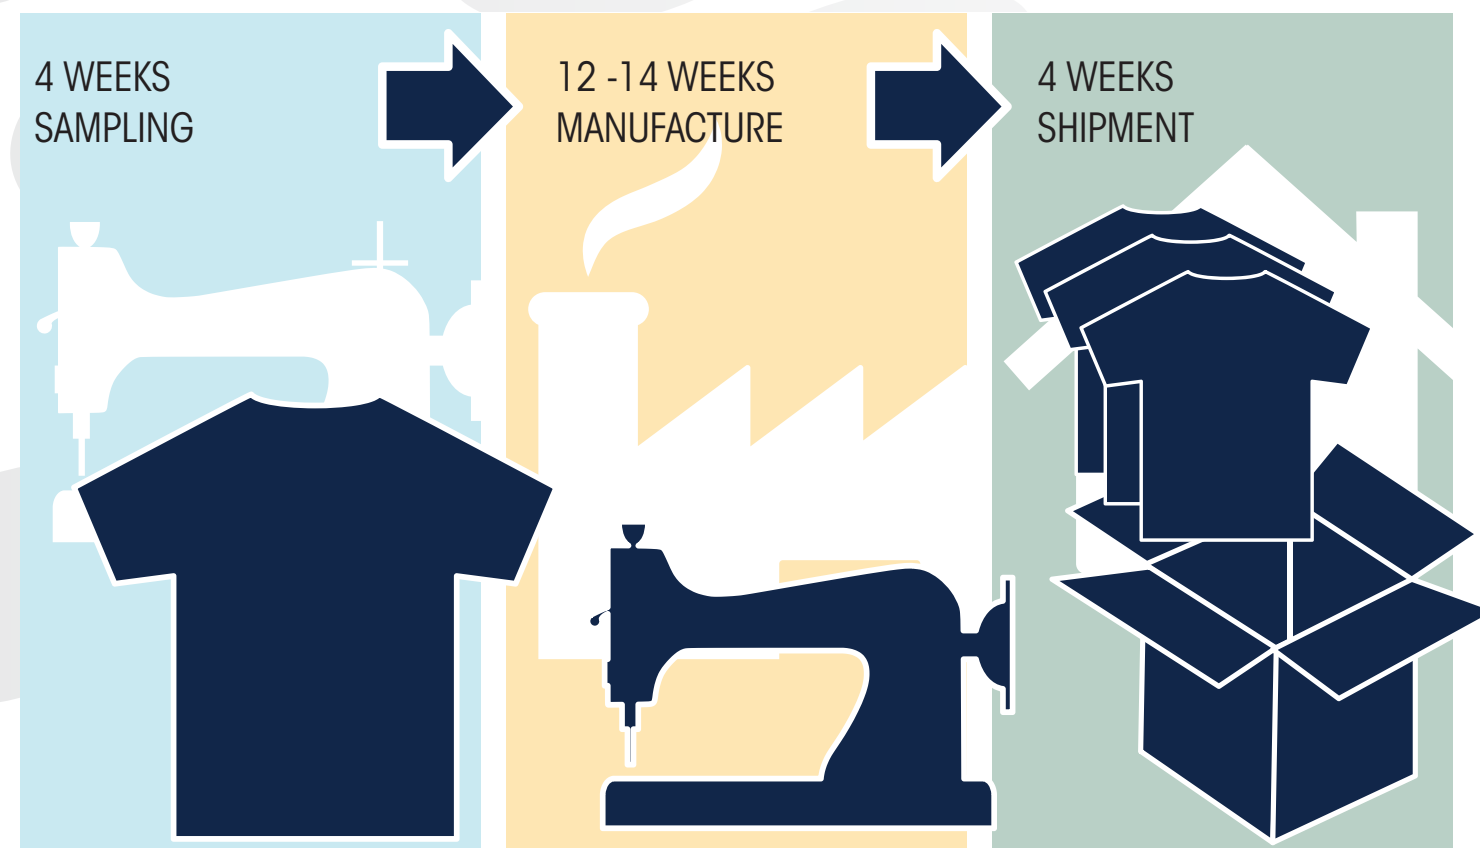

## IT ALL STARTS WITH AN IDEA AND A CALL ...

One of the only suppliers to commit to air freight even for stock, combined with our wholly owned distribution centres & global factories – let us take care of the hassle – with year on year consistency, so that you can concentrate on the latest & brightest ideas.

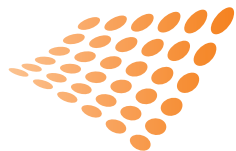

## FACTORY TO DOORSTEP

## Classic Poloshirts

There is much debate about where the polo shirt originated, but what we do know is that the popular present-day wardrobe staple has a fascinating sporting history. It's widely believed that the polo shirt was developed by the iconic 1920's star Rene Lacoste, however, historians have also dated it back to polo matches in the mid-1800s in Manipur India.

### Interesting Fact:

The white, short-sleeved, loosely-knit piqué cotton designed by Lacoste was known as 'jersey petit piqué'

# Comfortable SWEATSHIRTS & HOODIES

The traditional sweatshirt originally designed in 1920 by Benjamin Russell Jr., received a dramatic makeover in the '80s. The once functional piece of sports and casual wear was now hitting the catwalks and featuring on the pages of Vogue as high fashion.

**Interesting Fact:**

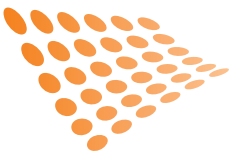

The French designer Hermes once sold a silk sweatshirt for \$650.

## Stylish T-SHIRTS

The largest t-shirt ever made features in the Guinness World Records measuring 96.86 m (317.78 ft) long and 69.77 m (228.90 ft) wide. The t-shirt was made from 200,000 recycled plastic bottles by the Plastindia Foundation (India) in Mumbai on 5 January 2018.

**Interesting Fact:**

The first promo t-shirt was produced for The Wizard of Oz in 1939.

## Practical CHILDREN'S

The 18th century saw the dramatic change in children's clothing, up until this time children were dressed in small versions of adults clothing, often mimicking the attire of their parents.

Children up to age 6 wore long loose dress like garments, in fact, up until about the 1930's or 1940's, all baby's and toddlers were dressed alike without differentiating between genders.

### Interesting Fact:

The tradition of gendered clothing has only been around since the 1920's.

## Warmth JACKETS

Outerwear garments have been worn by humans since prehistoric times, where skins were cut and sewn together using bone needles and thread made of animal hair.

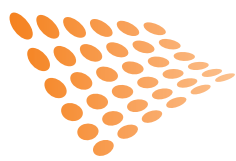

### Interesting Fact:

The first waterproof jacket was invented by Charles Macintosh, blending a fabric with rubber.

## Professional SHIRTS

In 1827 a US housewife, Hannah Montague invented the detachable collar. Tired of constantly washing her husband's entire shirt when only the collar needed it, she cut off his collars and devised a way of attaching them to the neckband after washing.

It wasn't until the 1930s that collar stays became popular, although these early accessories resembled tie clips more than the small collar stiffeners available today.

### Interesting Fact:

The humble shirt was originally worn as an undergarment.

## Visible HI-VIS

The hi-vis, invented by Bob Switzer from the US has been familiar workwear for people in Britain since the '60s. The fabric paint was created in the 1930s by Switzer who was injured in a workplace accident and used his recovery period to invent a neon paint by mixing fluorescent minerals with wood varnish.

### Interesting Fact:

The first high vis clothing garments in the UK were trialled by Glaswegian railway maintenance workers in 1964.

## Resilient WORKWEAR TROUSERS

From the mid 19th century until the 1970s, manual labourers, refuse collectors and coal men wore distinctive practical clothing and accessories including flat caps, corduroy trousers, heavy boots and the classic donkey jacket. Donkey jackets soon evolved to feature leather shoulder patches to prevent wear and damage when shouldering a spade or pick.

**Interesting Fact:**

Workwear has had a significant impact on the fashion industry, with many high end clothing brands adopting its utilitarian style.

## A SIZE GUIDE ON HOW TO MEASURE YOUR BODY

Please find below the guide-lines on accurate body measurements to determine the correct clothing sizes.  
All our garments are produced with sufficient allowance for comfortable movement.

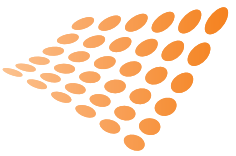

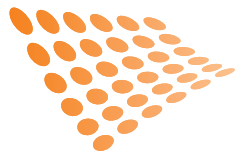

For actual garment measurements, do refer to our specification sheet which you will find on the website.

## HOW TO MEASURE

- A Collar: measure around the base of the neck
- B Male Chest: place a measuring tape 2.5cm below underarm around the widest part of your chest
- Female Bust: place a measuring tape around your widest part of your chest
- Child Chest: place a measuring tape 2.5cm below the underarm around child’s chest
- C Waist line: place a measuring tape at the natural waist of your body
- D Hip Line: place a measuring tape at the widest part of your hips, it is approximately 20 - 22cm below your natural waist
- E Leg length: place a measuring tape along your inner thigh and measure from crotch to the bottom of your heel
- F Sleeve length: place a measuring tape along superior side of your arm. Measure from your shoulder bone down to top of your wrist
- G Child height: standing straight with bare feet, measure from the top of the head down to floor

Pantone References are for approximate colour reference only and may vary depending on the fabric/fabric composition/fabric texture that the garment is made of. Pantone References are not a 100% true representation of the actual fabric in which the garments are made of. They are to be used as an approximate guide only.

\*Charcoal, Heather Grey and Ash are melange effect shades. The Pantone References shown in these colours are an approximate solid shade representation. They do not replicate the actual melange effect of the garments available in these colours.

## Wash and FAQ's

### CARING FOR YOUR UNEEK GARMENT

#### WASHING

Before washing, always look at the care label and carefully follow the instructions. Most good quality detergents, washing machines and fabrics are manufactured to ensure that when the stated instructions are adhered to and the garment is washed according to the said temperature and dried as per the procedures mentioned; they will wash well and look good after each wash. The following points should be used as guidelines for all garments:

- Before washing, close all zips, undo buttons, check pockets for loose or sharp objects, flatten out collars and cuffs
- Always refer to the Label before Washing
- Always check to ensure the Washing Machine is not overloaded
- Use a good quality detergent and ensure that the right amount of detergent is used

 Low heat

 Medium heat

 High heat

 Warning:  
Do not Tumble Dry

 Dry Clean: Normal  
Cycle  
Any solvent except  
Trichloroethylene

 Warning:  
Do not Dry Clean

 Warning:  
Do not Bleach

#### PRINTING

Owing to the numerous processes and techniques used for printing on garments, we strongly recommend that a single garment is printed on, then washed and tested to ensure it meets your requirements before bulk printing. Care should be taken to ensure the right kind of pigments/

printing dyes are used while printing and the optimum temperature/heat levels are not exceeded. Violation of standards and procedures will result in the garment losing its feel/lustre as well as weakening of the fabric and overall garment performance.

#### FAQ'S

##### GARMENT SHRINKAGE

Excessive Shrinkage is primarily due to factors such as heat and major agitation during the wash cycle. Always wash as per instructions stated on the care label.

##### FADING DUE TO SUNLIGHT

The effects of fading due to Sunlight are both harmful & irreversible. Constant and prolonged exposure to sunlight should be reduced as far as possible.

##### PILLING & BOBBLING

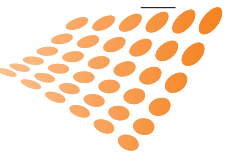

Abrasion and lack of care/timely washing of the garment leads to fibre balls appearing on the surface of the fabric. Remove by mild surface brushing.

##### TRIMS/ACCESSORIES BREAKING OFF

Trims & accessories like zippers, toggles, pocket lining and elastic cords are constructed for normal usage. Extensive abuse of the garment involving sharp objects, work areas with machinery and even the odd outburst of brute force results in the garment being damaged. Precaution & Care should be taken at all times.

##### COLOUR STAINING

Wash similar coloured garments together. Do not leave damp garments together for any length of time.
